

VALVCON ACTUATOR FIRMWARE NOW PRE-INSTALLED

This product notice is to inform you that the 600lb Valvcon Electric Actuator line will now come with Kimray's firmware pre-installed, and will not need to be flashed.

This change will affect all orders placed after 03/15/2018 for products with the following prefixes:

- **Q30226**ADCWX600UL2I1-UP
- **Q30227**ADCWX600UL2I1MB-UP
- **Q30228**ADCWX600UL2I1Z-UP
- **Q30229**ADCWX600UL2I1MBZ-UP

When ordering the actuator, you must include the Q number prefix to be certain the firmware is flashed.
