

# RECALL NOTICE

## 5163 ADJUSTING SCREW

### SELLER:

Kimray stores, supply stores, and distributors that sell Kimray products

### KIMRAY PRODUCTS AT ISSUE:

All Section A (Pressure Regulators) and AHJ (Pressure Pilot) sold from December 1, 2015 to October 24, 2016 with Serial Numbers from 2153450011 to 216297XXXX

### PART:

5163 Adjusting Screw may be under sized .005 to .018 in.

### HAZARD:

The 5163 Adjusting Screw under pressure of 125 psi or greater is at risk of ejecting. Dangers include, but are not limited to, bodily injury, equipment failure, and property damage by a projectile screw. These risks are heightened during adjustment.

### WHAT TO DO:

Kimray is asking all users to replace their 5163 Adjusting Screws. Kimray has ordered replacement 5163 Adjusting Screws and is mailing them. If you do not receive yours by December 2, 2016 please contact your local Kimray Distributor or Store.

All personnel who may come into contact with the Adjusting Screw should take extra care.

### CONTACT DETAILS:
