

RECALL NOTICE

1709 BODY STAMPED WITH HEAT CODE FZ9

SELLER:

Kimray stores, supply stores, and distributors that sell Kimray products

KIMRAY PRODUCTS AT ISSUE:

All products built with a 1709 body and stamped with the heat code FZ9. These items have serial numbers between 217150xxxx-218065xxxx. The affected product families include: AAR, ABU, ACU, AAI, AKM, AJI, ALN, ALU, AMN, AMW, ASE, ATC, ASR, EMC, EBU, and the product variations therein.

Only the 1709 bodies stamped with the FZ9 heat code are affected by this recall.

PART:

All products built with a 1709 body and stamped with the heat code FZ9.

HAZARD:

The products comprised of this metal present real and present danger to end users. The metal used in these products “may not meet the metallurgical standards for ductile iron”, according to Buck Companies Inc., the supplier of the metal casting. Dangers include, but are not limited to, bodily injury, equipment failure, and property damage by a malfunctioning product.

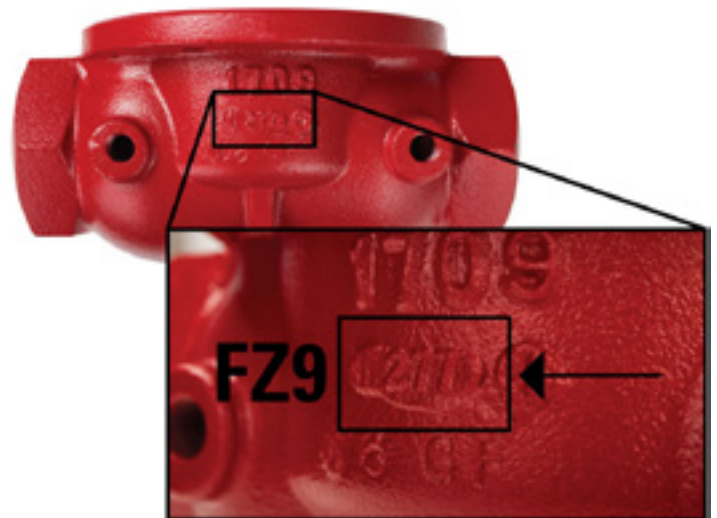

CONTACT DETAILS:

Contact your Authorized Kimray Distributor or Store. If you are unable to, contact:

BRECK SWIGART
bswigart@kimray.com
(405) 525-6601 Ext. 1177

WHAT TO DO:

Kimray is asking all users to replace their affected products. Replacement products are immediately available. Return affected product to Kimray.

If your product is stamped with the heat code FZ9 in this location, you are encouraged to immediately take action.
