

LOW PRESSURE BALANCED CONTROL VALVE

Product Improvements

In accordance with our mission to make a difference in the lives of those we serve, we continually use customer feedback to make strategic improvements to our products.

This notice is to inform you that we have made the following improvements to **2" and 3" Kimray Low Pressure Balanced Control Valves**. These key updates mean your valves will stand up better in harsh conditions while allowing you increased flexibility and faster repair.

Valves with these new components began shipping June 1, 2018.

2" and 3" Low Pressure Balanced Control Valves will feature the following changes:

Reversible one-piece HSN seat with metal insert in diaphragm-balanced and piston-balanced models

Delrin ratio plug in diaphragm-balanced and piston-balanced models

Delrin cage in diaphragm-balanced model only

All O-rings changed to HSN
